

Rainbow (UK) Shrinkle Templates

For use with the small rectangular Shrinkle paper.

Trace your chosen design onto the rough side of the paper and colour.

Use a hole-punch to punch a hole in the corner of your paper.

Bake in the oven, following the instructions on the packet. After the Shrinkle comes out of the oven, place heavy books on top of it. This will stop it curling up.

Add a mobile phone tag/key chain. Alternatively tie a piece of thread through the hole and add pony beads. Then tie the ends of the thread to a safety pin.
