

How to Make a Clay Bluebell

1) Break blue clay into 6 equal pieces and roll them into balls.

2) Pinch each ball into petal shapes as shown above.

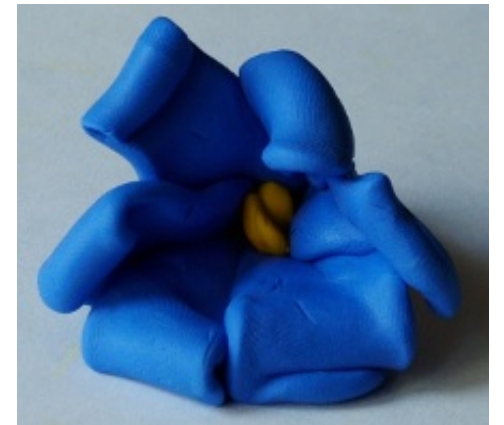

3) Roll each petal at the edge.

4) Roll three small pieces of yellow clay into sausage shapes.

5) Attach 5 petals together as shown above. Turn the flower over and attach the yellow sausage shapes.

6) Add the final petal whilst scooping the others into a bell shape. OPTIONAL: Add green clay leaves and a stem.
