

Making a Ring-tailed Lemur Puppet

- 1) Cut out all the pieces. The facial features can be cut from craft foam or felt.
- 2) Use fabric glue to stick the grey patch onto the head.
- 3) Next stick on the nose.
- 4) Stick the black pupil to the yellow iris.
- 5) Stick the eye onto the black eye patch.
- 6) Stick the eyes onto the face.
- 7) Set aside the face to dry fully.

- 8) Stick the white rectangles onto both sides of the black tail.
- 9) Set aside the tail to dry fully.
- 10) Sew the two body pieces together using a simple running stitch. Turn the body inside-out.

- 11) Glue the white arched piece onto the tummy.
- 12) Glue the face onto the body.
- 13) Glue the tail on the inside of the back body piece.
