

Witch's Brew Clues

To make your potion you will need one of all the answers to these riddles.

Once I was black and
swam in a pond.
Now I am green and of
jumping am fond.

I have a pupil,
But I'm not a teacher!

My legs number 8.
On flies I like to munch.
I'll trap you in my web
And eat you for lunch!

I'm just like you but new
to the world.

I howl at the moon
But only when it's full.
You need some of my hair.

Although I am red
When I'm in you,
In royalty some people
Think I am blue.

Like a mouse with wings
I fly through the air.
Some people fear that
I'll fly into their hair.

A stripy feline of large
proportions.

I'm known for spreading
plague and leaving
sinking ships.

It comes as an index,
It comes as a ring.
Most of us have 10.
