

## Halloween Biscuits

You can use any cookie/biscuit recipe you like. A gingerbread recipe can be found here: <http://ideas4kids.org/109>

Use an icing pen to add skeletons to gingerbread men and a spider's web to circular biscuits.

The spiders are made from round balls of cooked cookie dough. These are then covered with black sugar icing. The legs are made by rolling eight pieces of black fondant icing into sausage shapes and then shaping them on the side of the body.
