

Beaded Candle Wreath Decoration

You will need

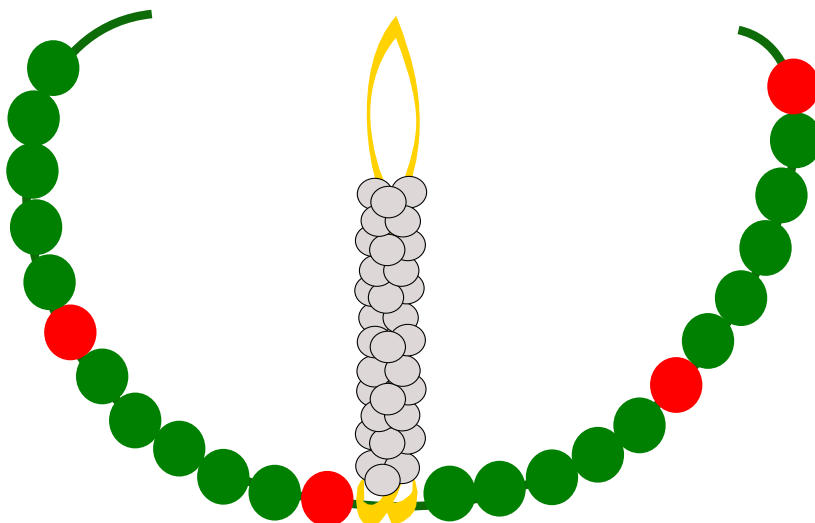

- 1 green pipe cleaner
- 1 gold pipe cleaner (as thin as possible)
- 12 clear or white tri-beads
- 20 green spherical or faceted beads
- 4 red spherical or faceted beads

- 1) Fold the gold pipe cleaner in half. Twist the two strands together 2-3 cm from the joined end and shape to make a flame.
- 2) Thread the 12 tri-beads onto both strands of the pipe cleaner.
- 3) Wrap the gold pipe cleaner round the centre of the green pipe cleaner. Cut any spare gold.

- 4) Thread the remaining beads onto the green pipe cleaner as shown below.

- 5) Twist the green pipe cleaner ends together and cut off any excess.
- 6) To hang your decoration up, tie a piece of green cotton to the top of the wreath.
